SKILLS

→ Basic knowledge of Adobe Creative Cloud software including Photoshop, Illustrator and Acrobat

→ Confident in working with SEO and identifying key ideas to help improve organic and paid SEO

→ Competent in working in an agile environment to collaborate, develop and test ideas, bugs and new features

→ Confident in using and developing web applications using different programming languages, frameworks and IDE's. I have experience with:

- HTML 5, Twig HTML, Bootstrap 4, Grav CMS

- CSS 3, Sass/SCSS, LESS

- JavaScript, jQuery, React JS, Electron JS

- C# and Python

- Git, Command Line and Markdown

- IDE's such as JetBrains, Visual Studio and VS Code

- Project management systems such as DevOps and Flow

- Google services such as Cloud, Search Console and Analytics

- Mailchimp

Jack Domleo
Junior Web Developer

PERSONAL STATEMENT

I am an energetic and enthusiastic person with experience working in a small IT team and a larger development team with experience working in an agile and waterfall environment. My present career aim is to progress in web/software development developing programs as a team and individually using services such as Microsoft Azure and Google Cloud. I enjoy a challenge and will tackle anything thrown at me. I enjoy the environment of working in IT and I find the development work interesting and satisfying. The opportunity to learn new skills and work with new technologies is particularly attractive to me.

WORK EXPERIENCE

Junior Developer
Mitrefinch, Nottingham (& York)
March 2019 – Present

As a Junior Developer in this software company, my responsibilities include:
- Taking the lead on the stylesheets of the redesign of Mitrefinch's products using SCSS to make the styles as simple but effective as possible.
- Learning the C# programming language
- Learning to work in an agile environment
- Having the opportunity to travel to their head office in York to meet the rest of the team

I am learning new skills every day and am eager to learn more.

IT Developer Apprentice
flybmi, East Midlands Airport
Sept 2018 – Feb 2019

As an IT Developer Apprentice for this airline, my responsibilities included:

- Worked towards BCS Level 3 in Software Development
- Developed new programs from a design specification using frameworks such as Bootstrap 4, Grav CMS, Core UI and Electron JS
- Created new templates using Twig HTML that can be accessed via the Grav CMS and maintaining the content on the flybmi.com website

During my time at flybmi, I gained 6 months' worth of knowledge and experience working in the airline industry and working together with other employees to develop an end product.

Reason for leaving: Company filed for administration

---

Retail Assistant
Primark, Nottingham

June 2017 – Aug 2018

As a Retail Assistant for this high street clothing company, my responsibilities included:

- Answering customer queries and maintaining quality customer service
- Ensuring items are restocked and displayed effectively
- Training new starters with their duties (till training, department training)

During my time at Primark, I gained skills and experience in teamwork, customer service/engagement and merchandising.

Reason for leaving: Found an apprenticeship at flybmi to begin my career
